The Honorable Kevin McCarthy  
Republican Leader  
U.S. House of Representatives  
Washington, DC, 20515

Dear Madam Speaker and Leader McCarthy:

I write regarding Captain Brett Crozier, a native of my District, who has demonstrated an unwavering commitment to the health, safety, and wellbeing of the sailors of the USS Theodore Roosevelt. Captain Crozier acted in the best interest of his crew. I am deeply concerned that his dismissal was decided before the completion of a thorough investigation:

I've read Captain Crozier's letter that appeared in the San Francisco Chronicle on Tuesday, March 31. The letter does not convey the unsubstantiated concerns of an alarmist. The sailors aboard the USS Theodore Roosevelt faced an unprecedented health crisis and Captain Crozier plainly set forth common sense recommendations to ensure the safety of his crew and maintain its capacity to execute the national security mission in a region with complex threats. These recommendations clearly adhere to the guidelines issued by the Center for Disease Control to treat, contain, and prevent the spread of COVID-19. In addition, Captain Crozier's actions align with Secretary of Defense Esper's guidance that protecting people is the top priority. In remarks from March 24, Secretary Esper urged his commanders and senior enlisted personnel to "do the right thing, particular to your unit" to "protect your people, while at the same time maintaining mission readiness."

Captain Crozier prioritized the greatest asset of the Department of Defense – the women and men of the Armed Forces. Committees should conduct any necessary hearings and investigations into the circumstances that led to the dismissal of Capt. Crozier for sailors of the USS TR and their families and loved ones. Firing the messenger who raised the alarm shows a worrisome lack of judgment. Captain Crozier and the sailors of the USS Theodore Roosevelt deserve better.

Sincerely,

MIKE THOMPSON
